 Hari-16  Hari Krishna Dasari  dasariharikrishna01@gmail.com  8008017296

TECHNICAL SKILLS

Frontend

- HTML, CSS and JavaScript
- React

Backend

- Node.js
- Express.js

Data Base

- MongoDB, Mongoose

Testing Tool

- Postman API

Version Control

- Git, GitHub

PROFESSIONAL EXPERIENCE

Full Stack Engineer

NLP CloudX Solutions Pvt.Ltd

09/2025 – Present | Hyderabad, Telangana

- Developed a full-stack **Recruitment Portal** using **MongoDB, Express.js, React.js, and Node.js**.
- Implemented **JWT-based authentication and role-based authorization** for Admin, Recruiter, and Candidate users.
- Built an **Admin Dashboard** to manage job postings, recruiters, candidates, and application statuses.
- Designed and developed **RESTful APIs** for job management, user profiles, and application tracking.
- Implemented **resume upload functionality** using Multer and cloud storage for secure document handling.
- Created dynamic and responsive **React.js dashboards** with state management and reusable components.
- Optimized MongoDB queries and backend logic to improve performance and scalability.
- Used **Git/GitHub** for version control and collaborated in an **Agile development environment**.
- Tested, debugged, and deployed features to ensure application stability and security.

PROJECTS

Weather App

- Built a responsive weather app used by 10+ peers during testing, fetching live weather data via REST APIs.
- Optimized API request handling to improve data fetch reliability.
- Implemented instant city search and dynamic UI updates for a seamless user experience.
- **Technologies Used:** React.js, OpenWeatherMap API

Realtime Chat App

Developed a real-time chat application using the MERN stack (MongoDB, Express.js, React, Node.js). Implemented features such as user Registration, Login with user authentication. Leveraged React's component-based architecture for efficient UI development and state management. Utilized Express.js for API endpoints and server-side logic.

PROFESSIONAL SUMMARY

Full-stack web development intern skilled in the MERN stack (MongoDB, Express.js, React, Node.js) and modern JavaScript (ES6+), with strong problem-solving skills and a passion for building dynamic, user-friendly web applications.

SKILLS SET

- Team-oriented MERN Stack developer with leadership experience
- Strong problem-solving and analytical skills
- Excellent communication and interpersonal abilities
- Fast learner, adaptable to new tools and technologies

EDUCATION

B.Tech

Adam's Engineering College

06/2015 – 05/2018 | Palwancha, India

Diploma

Govt. Polytechnic College
